

- Notes:
1. All TBs (terminal blocks) are 35mm DIN rail mounted. The grouped ones are shorted together.
 2. The Fuji Relay REL1 and Timer Relay TMR1 are DIN mounted.
 3. All wires going in/out of the Box are 2 or 4 multi-conductor cables and fed through via panel mounted feed-throughs.
 4. All wiring is done with 18 AWG unless specified.
